Regulation C - Participation Rules

1. A team's batting lineup shall consist of every eligible player on the team who is present at game time.
2. All players in uniform who are not injured or being disciplined at game time shall play a minimum of three defensive innings of the game, unless the game is called-off by mercy rule, weather, for player safety or game time limit.
3. Late arriving players may play only if their team has not yet batted through its original lineup. Late players must be placed at the bottom of the batting order.
4. There must be a minimum of eight (8) eligible players from a team's roster present at game time for the game to begin. NO EXCEPTIONS! If a team begins the game with eight (8) players, they will bat that order with one automatic out in the ninth slot. If both teams begin the game with only eight players, then no automatic outs will be assessed, even if a ninth player arrives and is eligible to play for one of the teams.
5. A team can finish a game with no less than seven players.
6. A Courtesy runner is allowed if there is an injury to a base runner. The player who made the last out, regardless of which inning, must replace the injured player.
7. If an injury prevents a player from continuing play, the injured player will be scratched from the lineup and that batting position will NOT be an out, unless it drops the team to below nine players. In that case of less than nine players, the appropriate slot will become an automatic out.
8. Whenever a tag play is evident, a runner must slide or seek to avoid contact with the fielder and / or catcher. Malicious contact shall supersede all obstruction penalties. Malicious contact is solely up to the discretion of the Umpire. Penalty: The runner shall be called out and may be ejected from the game at the discretion of the Umpires.
9. There are no designated hitters.
10. If a player is ejected, that player is out for the remainder of the game of which the ejection took place, plus the next game. There will be no other penalty against the team unless this action drops the team to less than nine players. If there are less than nine players remaining after the ejection, the ejected player's batting position will become an out each time the position is due to bat.
11. The maximum innings a pitcher can pitch per game is as follows:
 - 10U division : 3 innings
 - 12U division : 4 innings
 - 14U division : 4 innings
12. As soon as a pitcher throws one pitch in a given inning, he/she is considered to have pitched one inning.
13. A pitcher may return to the mound once in a game IF AND ONLY IF that player has pitched less than the maximum innings allowed per game.

14. Only two conferences at the mound are allowed per pitcher and are considered defensive conferences. The second defensive conference within a given inning requires removal of the pitcher for the remainder of the game as pitcher.
15. All conferences are limited to one minute.
16. A changed conference is one that involves a coach (or his/her non-playing representative) and a player.
17. No player shall play competitive and recreation in the same season. If such player is found he/ she will be removed from the team.

All persons affiliated with the game shall leave the field and seek protective cover for their own safety. No one will be permitted to remain within the fields or dugouts for any reason. Refusal to leave an unsafe area as mandated by a League Official may result in disciplinary action up to and including removal from the program.

A practice may resume following suspension, at the discretion of the coach, if no further thunder is heard of for a period of at least 15 minutes. Coaches are responsible for providing shelter to any members of the team who do not have a parent or other adult present at the field.
